REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the claims are allowable over the closest prior art to Bertero et al. As argued by Applicant in the response filed 6/27/06, Bertero fails to disclose the claimed relational expression $0 < Y/X \leq 1$. The prior art fails to teach or suggest a motivation to adjust the values of Y (sum total thickness of noble metal layer) and X (thickness of the seed layer) disclosed by Bertero in order to achieve a value within the claimed range.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Holly Rickman whose telephone number is (571) 272-1514. The examiner can normally be reached on Monday-Friday 9:30-6:00.
